Attn: Campbell Smith
Manager, Community Support
Positive Living Centre
Thorne Harbour Health
31-51 Commercial Rd
South Yarra VIC 3141

Hi Campbell!

I am incredibly interested in the Home Care Client Support Officer position at Thorne Harbour Health. My background and experience align perfectly with what you're looking for.

I have a Diploma in Community Services and have spent the last four years working in the community services sector, specifically focusing on helping individuals dealing with family violence, poverty, and unemployment. My practice is centred on compassion, empathy and humility, providing personalized support that respects each person's unique needs and experiences.

My previous volunteer work with Thorne Harbour Health, including my stint at the Positive Living Centre's Rainbow Connection program during the pandemic, has given me a unique insight into how the HIV epidemic impacts our community daily. As someone who is queer, neuro-diverse, gender diverse and a person of colour with lived experience of psychosocial disability, stigmatization, shame, discrimination, intersectionality, and societal injustices, I am passionate about creating a stigma and discrimination-free environment for my peers and for making a meaningful change my community.

Thanks for considering my application. I've attached my resume and responses to the role's critical selection criteria. I would love to chat more in person about how I can contribute to your team.

Regards,
Nishant
